To Whom it May Concern:

Armando Rodriguez was employed with the Corpus Christi Independent School District on August of 2004 when he was hired as an English teacher at our Wynn Seale Middle School Academy of Fine Arts. He later taught other subjects while at Wynn Seale.

Mr. Rodriguez became an administrator serving as the “Community Learning Center Site Facilitator” for the Office of Special Programs in November of 2007. In July of 2009, he became an Assistant Principal at Menger Elementary, and then in October of that year, was assigned to a vacancy that came open for an Assistant Principal at Hamlin Middle School.

In August of 2013, Mr. Rodriguez was reassigned to an Assistant Principal position at Haas Middle School and remained assigned at Haas until his separation from the District on March 31, 2015.

In each of these positions, Mr. Rodriguez served predominately low socio-economic and at-risk students. His supervisors have commented that he was a great role model, always energetic and has a positive attitude. Leadership is his strength. He always had positive interactions with students, parents, staff and community, including having the ability to solicit support from community organizations to provide support for the campus initiatives and programs.

We know Mr. Rodriguez will be moving on to other opportunities and leadership roles. We thank him for his service and wish him nothing but the best as he takes on these new challenges.

Sincerely,

Donna R. Adams
Director of Certified and Professional Personnel
